## City Chapter Meets

Adhyay is the City Chapters Meets organised by A4 of IIM Udaipur to establish strong liaisons between alumni and the institute. Also, it allows a platform for the alumni residing in the same city to gather and interact with each other. This allows the institute to interact with the increasing alumni base and encourages them to work together for the betterment of the community. The presence of professors makes the meets even more special.

This year was particular as Adhyay was conducted offline after a gap of a year of uncertainty. Adhyay 2021 was organised in three cities Delhi, Bangalore, and Mumbai. The event was graced by 88 members to reconnect and cherish the nostalgic memories.

The city chapters were also graced by our beloved Director, Prof. Janat Shah. He joined all the meets through the zoom platform and addressed the gathering, and informed the alumni about the recent happenings and achievements of the institute.

We would like to thank Janat Sir for taking out the time to join all the City Chapter Meets. Also, we extend our gratitude to all the professors and representatives from the institute for gracing the event with their presence. We would like to thank the institute administrators and THoR for their support in the event. At last, we would like to thank our alumni community for making the event a grand success.
