Overview

PGPX Summer Internship program is an intensive eight week experiential learning exercise undertaken by the students in Industry. The objective of this exercise is to give students a first-hand experience of the supply chain and operations related processes, best practices and challenges faced in industry and to give students an opportunity to test their theoretical understanding on ground.

The experiential learning exercise is part of the academic requirement and has to be undertaken by every student. This year, the exercise saw some very interesting roles being offered in Procurement, Operations and Supply Chain domain.

Given that the experiential learning exercise is a graded component of the course, a lot of academic rigor is expected from the projects offered. Hence, to provide support on scoping and for regular feedback, a dedicated mentor was allocated from IIM Udaipur to liaise with the company mentor.

Companies from sectors as diverse as FMCG, E-commerce, Consumer Durables, Manufacturing and Logistics offered well scoped and structured projects to the batch of 11 students. E-commerce was the highest recruiter, with one international offer also coming from the same sector, followed by FMCG and Logistics.

E-commerce sector was represented by Urban Ladder Home Décor Solutions Pvt. Ltd., Indiamart Intermesh Pvt Ltd and Sharaf DG.
