IIMU

Open to the World

IIM Udaipur strongly believes that leaders are best developed in a multi-cultural environment. To succeed, managers must be able to think globally. Hence at IIMU learning has no boundaries. Our initiatives to instill a global perspective are an integral part of all our activities.

▶ **For Students**

The Institute ensures students have all of the tools and support needed to develop the global business capabilities essential for success. All one year and two year MBA students have a choice of numerous options to study or work abroad. Our pedagogy reflects international best practices and offers a variety of courses to instill a multi-cultural approach to doing business in different parts of the world.

▶ **For Faculty**

Many IIMU faculty come to the Institute with broad international exposure and we actively support a range of research opportunities for them so they can undertake projects and exchange ideas with leaders in their fields outside India.

▶ **With Institutes of Global Renown**

IIMU engages in a number of collaborative programs and partnerships with prestigious management schools in the US, Europe and Asia.

Faculty and Research

Many of IIM Udaipur's faculty have earned their research credentials from top schools in North America and Europe. IIMU actively invests in their continued growth with the objective of seeing the excellence of their scholarship recognized by global peers and their research published in Tier 1 journals.

Visiting faculty enrich this mix - respected professors from leading management schools in India and abroad keep returning to IIMU to teach in its stimulating and liberating environment.

Institutional Collaborations

In addition to its one year MBA program in global supply chain management with Purdue University, IIM Udaipur also undertakes other international collaborations with renowned institutions.

As part of STEP, the Student Exchange Program for our two year MBA students, IIMU has agreements with seven prominent European management institutes: EDHEC Business School, EMN Ecole de management de Normandie, IESEG School of Management and KEDGE Business School in France; and HHL Leipzig Graduate School of Management, EBS Business School and FAU Friedrich-Alexander University Erlangen-Nürnberg in Germany. As IIMU grows, this network will expand to include more schools across the globe.

Global Recognition

In less than ten years since its establishment, IIM Udaipur has arrived on the global education stage by gaining accreditation from the AACSB (Association to Advance Collegiate Schools of Business). With this accreditation, IIM Udaipur has joined the elite group of 5 percent of the world's B-schools to gain this prestigious distinction.

IIMU is only the third IIM in the prestigious rankings holding a spot in the Top 100 in FT Masters in Management 2021 Global Ranking for its two-year MBA program for the third consecutive year along with IIM Ahmedabad and IIM Bangalore. The institute was also listed in the prestigious Masters in Management (MIM) QS World University Rankings 2022 for the third consecutive year. IIM Udaipur is the youngest B-school globally along with the University of Sydney Business School to be listed in the QS 2022 MIM Rankings.

Preparing Students for Global Challenges

Almost 60% of two year MBA students take advantage of one of the many options to study or work abroad for periods ranging from two weeks to three months during the course of their program. The international exposure increases their understanding of the impact of cultural values and local laws, and widens their personal and intellectual horizons. Opportunities include:

International Business in Practice (IBP)

The International Business in Practice course is one of the second year electives. Approximately one-third of the class opt to work on short duration consulting assignments at locations in Thailand, Singapore and UAE.

International Corporate Internships

A number of students have undertaken their compulsory summer internships at international locations including UAE and Switzerland.

Student Exchange Programme (STEP)

IIMU has agreements with leading schools in Germany and France for reciprocal student exchanges. Scholarships are available to defray some of the costs of these exchanges.

IIMU's One Year MBA in Global Supply Chain Management is a unique program where students have the option to pursue one entire semester at Purdue University's Krannert School of Management in the United States. Graduates pursuing this option earn dual degrees in Global Supply Chain Management– an MBA degree from IIM Udaipur as well as an MS from Purdue.
