Faculty Speak

Prof. Ashish Galande
Faculty, Marketing

"The MBA is an applied course, unlike the core sciences. One learns about statistics, accounting, finance, marketing, operations, organizations, law, and strategy. While all of these are core subjects, and every MBA degree starts with revising the concepts in them, the actual core of the degree is putting these all together. This exactly is the reason why MBA schools have an internship requirement, encourage live projects and have group assignments."

About IIM Udaipur

IIM Udaipur is well on its way to becoming a globally recognized B-School. It has broken new ground by focusing on world-class research and transforming students into tomorrow's managers and leaders. The Institute arrived on the global education stage by securing accreditation from the AACSB (Association to Advance Collegiate Schools of Business) in merely eight years of its establishment. With this accreditation, IIM Udaipur is counted in the same league of global institutes such as Harvard Business School, Wharton School at the University of Pennsylvania, and the MIT Sloan School. Recently, IIMU has been listed on the Financial Times (FT) Global MIM Ranking 2021 as well as the QS Global MIM Ranking 2022.

IIMU is only the third IIM in the prestigious rankings holding a spot in the Top 100 in FT Masters in Management 2021 Global Ranking for its two-year MBA program for the third consecutive year along with IIM Ahmedabad and IIM Bangalore. The institute was also listed in the prestigious Masters in Management (MIM) QS World University Rankings 2022 for the third consecutive year.

The B-school performed amongst the top 97% of the 155 programs that were globally assessed. It is the 7th IIM along with IIM Ahmedabad, Bangalore, Calcutta, Lucknow, Kozhikode and India to get listed in the prestigious ranking. However, IIM Udaipur is the youngest B-school globally along with the University of Sydney Business School to be listed in the QS 2022 MIM Rankings.

IIMU is also currently ranked 4th in India, after ISB, IIM Ahmedabad, and IIM Bangalore, for research in management according to the methodology used by UT Dallas, which tracks publications in the leading global journals.
