experiences and anecdotes to make the session more enriching. In addition to the session being informative, the session was also highly interactive. Mr. Anshul Malik, Global Analytics Lead, Airbnb, started by explaining the importance of Digital Transformation in the current world. He stated that Digital Transformation is used to reduce costs and help large companies where managing data is a very demanding task. According to the speaker, Digital Transformation is the conversion of information from analog to digital and is used to transform the way business is conducted. The speaker concluded by stating that customer experience is the crux of a business. and digital transformation assists in achieving that. Mr. Varun Thamba, Director, Data and Analytics CoE, SAP, explained various sustainable practices in diverse business fields. He emphasized the importance of implementing sustainable practices across the entire value chain.

He also mentioned the advantages of a circular economy in enabling large organizations to reduce their carbon footprint. He also stressed the need to strike a balance between sustainability and profitability. Mr. Thamba further encouraged the students to stay aware of the latest trends and apply their minds to solving the biggest challenges of sustainability faced across the world. Ms. Vidhya Veeraraghavan, VP, Artificial Intelligence, Standard Chartered Bank, commenced by discussing the transforming effects of Data and AI on the future of Banking. She talked about the world moving towards digitization and how Covid-19 had accelerated the process. The speaker stated that the Banking sector, much like our lives, was drastically impacted by the pandemic. She highlighted the importance of cyber security during the past two tears when Work from Home had become the norm. Ms. Veeraraghavan recalled that there were many complaints regarding cyber attacks, hacking, and ransomware over the past two years and concluded by highlighting the importance of Data and AI against the same. Another speaker, Mr. Anant Deshpande, Cofounder of FinBox, started off by expressing the vision of FinBox: to transform lending for the country and make it accessible to everyone using technology and data. He pressed upon the types of information that can be obtained from an individual's cell phone. He highlighted Web 3 and its capabilities, and the changes in the industry it could bring. I am incredibly grateful to the board and my team for believing in me and appointing me as the first employee of this eminent management school. In 2011, I was ready to embrace the new chapter of my life - building a prestigious institute on vacant land in the mountain bed of Aravalli. Reinvent & Re-energize: Throughout my career, I have observed organizations and individuals who stick to this plan attain their desired level of success. I've attempted to follow this principle in life and at IIM Udaipur by innovating, putting faith in students, and investing in faculty. At IIM Udaipur, we

About IIM Udaipur IIM Udaipur is well on its way to becoming a globally recognized B-School. It has broken new ground by focusing on world-class research and transforming students into tomorrow's managers and leaders. The Institute arrived on the global education stage by securing accreditation from the AACSB (Association to Advance Collegiate Schools of Business) in merely eight years of its establishment. With this accreditation, IIM Udaipur is counted in the same league of global institutes such as Harvard Business School, Wharton School at the University of Pennsylvania, and the MIT Sloan School. Recently, IIMU has been listed on the Financial Times (FT) Global MIM Ranking 2021 as well as the OS Global MIM Ranking 2022. IIMU is only the third IIM in the prestigious rankings holding a spot in the Top 100 in FT Masters in Management
